

Alpine Plant Ecology

Summer School on Alpine Plant Life

Swiss central Alps, 18 - 24 July 2021

Erika Hiltbrunner, Christian Körner, Jürg Stöcklin, Univ. Basel
Helge Aasen, ETH Zürich

This graduate course is offered by the University of Basel and the Zürich-Basel Plant Science Center (PSC) for advanced biology students with basic plant science training. Course topics include microclimatology, ecophysiology, biodiversity, reproductive biology, vegetation, ecosystem ecology and remote sensing. The course will include lectures, field excursions and project work. Participation is limited to 24 students. Full board costs are CHF 400 (exclusive travel expenses).
