University of Berne

Altenbergrain 21
3013 Berne

How different are the botanical taxonomies and nomenclatures used in European countries such Austria, France, Germany, Italy, Holland or Switzerland? Do genetic methods give us a better decision support for a future standardization of European checklists?

Info Flora organizes, in collaboration with the University of Zurich and the Botanical Conservatory of Geneva a public symposium at the Institute for Plant Sciences in Berne.

Program of public sessions

09:15	Welcome address	S. Eggenberg
09:25	World Flora Online and Botalista	P.-A. Loizeau, R. Palese
09:45	A Checklist for Switzerland	P. Juillerat
10:05	Systematics on genera level: lumping or splitting?	M. Koch
10:25	Coffee break	
10:50	Checklist and Flora in France	O. Gargominy
11:10	Checklist and Flora in Germany	C. Ritz
11:30	Checklist and Flora in Italy	L. Peruzzi
11:50	Checklist and Flora in Austria	Ch. Gilli
12:10	Final discussion	S. Eggenberg
12:30	End of public sessions
