

BREAKTHROUGHS IN PLANT SCIENCES

PSC SYMPOSIUM DEC 5TH 2018

www.psc2018.ethz.ch

Supported by:
Zurich-Basel Plant Science Center
Swiss Industry Science Fund

ETH Zurich, Auditorium Maximum

Invited speakers

Beat Keller, PSC

Session: Plant signaling and development

Cyril Zipfel, U Zurich, CH

Daphne Goring, U Toronto, CAN

Mark Estelle, U California, San Diego, USA

Session: Plant ecology and evolution

Detlef Weigel, MPI Tübingen, DE

Ansgar Kahmen, U Basel, CH

Elena Conti, U Zurich, CH

Session: Applied technologies

Mark Aarts, U Wageningen, NL

Luca Comai, U California, Davis, USA

Caixa Gao, CAS, CN and U Copenhagen, DK

plantsciences.uzh.ch

Keynote lecture: Global perspective on the importance of plant science research

Susanne Brink, Editor of Trends in Plant Sciences

Poster awards and concluding remarks

Samuel C. Zeeman, PSC
